Dear Karlene,

On behalf of Coast Shelter, I would like to thank you for your donation of Bonza Biscuits. Generous contributions like yours, enable us to continue assisting people who are homeless or at risk of homelessness on the Central Coast.

I'd like to take this opportunity to share a story about a family with three young children who came to us for assistance recently. They had fallen on hard times following an injury sustained by the male partner preventing him from working. With rent and electricity bills to pay, there was no money for food or car registration. We assisted them with a 'No Interest Loan' for their car costs, a heater for their cold, damp house and a generous food hamper. We will continue to assist them until they are back on their feet again.

Thank you for believing in our clients and supporting us in our work to ensure everybody has the opportunity to reach their full potential.

Yours faithfully,

Laurie Maher OAM
Executive Officer
